

## **MONEY TRAVEL CHECKLIST**

- Pick the two major credit cards I will use on vacation (1 main and 1 backup)
- Alert the credit union/bank that issues those two credit cards about my vacation destinations and travel dates.
- Add both credit cards to my Mobile Wallet for an extra layer of fraud protection.
- Take pictures or make copies of the front and back of my credit cards so if they are stolen, I can contact the number on the back of the card directly.
- Ask my travel companions not to post updates or images of the vacation to social media until we return.
- Buy an RFID-blocking travel wallet to stop electronic pickpockets.
